

Who am I?

My name is Cameron Thorpe and I am a Cadette Girl Scout in Troop 4425.

What am I doing?

I am working towards completing my 50 hour Silver Award project.

When am I doing it?

I am going to do a storm drain labeling project in your neighborhood on **Saturday, April 30, 2022**. My rain date will be Sunday, May 1, 2022.

Where am I doing this?

- Innisfree HOA;
- Winston Knolls II HOA;
- Springfield Station Homeowners' Association

Why am I doing this?

Storm drain labeling is a way to educate residents about how we can contribute to good water quality in our streams, lakes, rivers and the Chesapeake Bay. The neighborhood will benefit from having informed residents, and as a Girl Scout volunteer, I benefit from making a difference in my community.

How am I doing this?

I will go around the neighborhoods with my volunteers labeling storm drains. The storm drain labels are plastic decals which are glued onto the concrete portion of each storm drain. Each one reads "No Dumping, Drains to Pohick Creek Watershed" and features a picture of a shad, a fish which relies on local rivers for its spawning habitat.

How can you participate?

Consider joining me or donating snacks and/or water! If you are interested you can contact me at camthor@gmail.com
